

SAVE AMERICA'S SOLAR JOBS

After declaring bankruptcy, Suniva, Inc. on April 26, 2017 filed a petition with the U.S. International Trade Commission (U.S. ITC) asking the government to put its thumb on the scale of the U.S. solar market. On May 25, SolarWorld Americas announced it had joined as co-petitioner. This case poses a major threat to the U.S. solar industry and its 260,000 workers. **If the remedies sought by the petitioners are put into effect, the U.S. solar industry would lose 88,000 jobs next year.** It risks billions of dollars in private-sector investment. SEIA is going to fight this petition every step of the way and ask the government not to endanger a thriving American industry.

WHAT YOU CAN DO TO HELP

IF YOU'RE A CONCERNED CITIZEN

CONTRIBUTE TO THE CAUSE

Every dollar counts and will help us execute our five-point strategy to protect solar jobs. Visit www.seia.org/donate

ADD YOUR NAME

Send a message to Washington that import restrictions will hurt American jobs. Visit www.seia.org/savingsolarjobs

IF YOU WORK IN THE SOLAR INDUSTRY

Your voice and your story are the reason why this campaign is so important. In addition to the ways to get involved above, send photos, videos and case studies about your experience to Colin Silver at csilver@seia.org.

IF YOU'RE AN ORGANIZATION THAT CARES ABOUT FAIR TRADE

We want to demonstrate the strong support of other sectors of the U.S. economy for free and fair trade, and against high import barriers for clean energy technologies and other goods. Contact Dana Sleeper at dsleeper@seia.org to find out how to get involved.
